FORCE GROUP ▶▶▶

From 2008 to 2025, Ningbo Force Auto Parts Co., Ltd. has achieved leapfrog development – evolving from 1,000 m² startup facility to 30,000 m² modern production base.

We offer a diverse portfolio of high-performance products, covering Tie Down Straps, Track Systems (including E-Track Systems and L-Track Systems), Hardware, Lifting Slings, Chain and Binders, Tarps, Corner Protectors, and other efficient logistics solutions. Our products are widely used in transportation, agriculture, industry, manufacturing, construction, energy (hydro/wind power), steel, shipbuilding, and civil applications.

Our products hold internationally recognized certifications, including CE, S-mark, TUV, and GS, and comply with the ISO 9001:2015 Quality Management System and BSCI Social Responsibility certification. As a member of the WSTDA Association, Ningbo Force is committed to advancing technical exchange and collaborative development within the industry.

PARTNER

We prioritize maintaining innovation and achieving breakthroughs, pushing boundaries in competition. Our R&D team continuously advances product development and process enhancements to deliver greater value for our customers. Currently, our company maintain a stable business presence across major global markets: Europe accounts for 40% of the business, North America 30%, South America 15%, while Japan-Korea and the Middle East collectively represent 15%.

The factory is equipped with advanced production facilities and specialized departments that oversee each critical manufacturing process. From raw material weaving, dyeing treatment, and printing to precision cutting, stitching, and finished product packaging, every production stage strictly adheres to international quality standards. Through digital quality control systems and rigorous testing protocols, we comprehensively validate product quality. Leveraging our production scale and the expertise of our technicians, we deliver a stable annual output of 12 million pieces, ensuring faster lead times than our industry competitors.

As a specialized supplier of logistics equipment, Ningbo Force is committed to advancing technological breakthroughs within our vertical domain, delivering safe and eco-conscious solutions for the global supply chain. We invite you to join us on this transformative journey.

Force

WORKSHOP SHOWCASE

The company has always adhered to the philosophy of "Quality First, Competitive Pricing, Prompt Delivery, and Sincere and Efficient Service." It continuously optimizes its products and services, winning the trust of customers. In the future, the company will remain committed to its original mission, continuously drive innovation, and reciprocate customers with even better products and services. By doing so, it will contribute to the development of the industry and further strengthen and expand its presence in overseas markets.

Auto Retractable Ratchet Tie Down Strap

Length	Width	B/S
3M	25MM	680KG

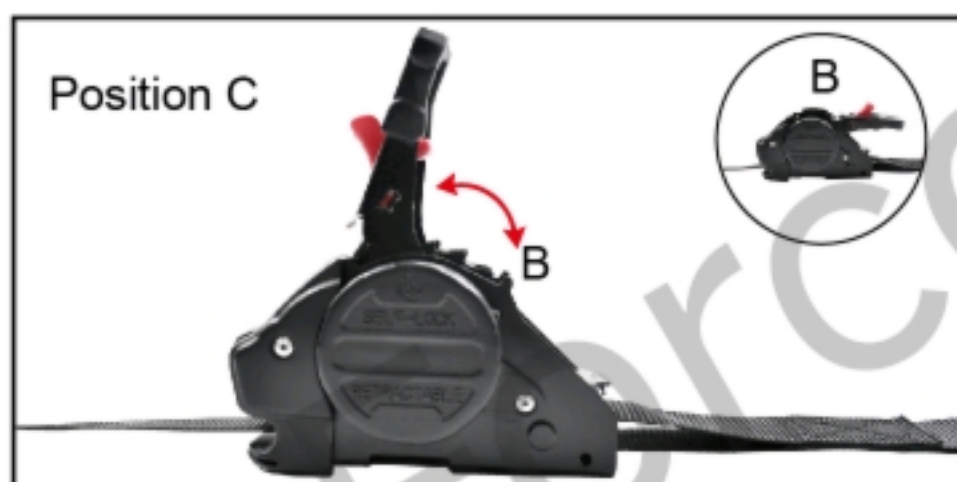

Tightening Process

1. Pulling the Webbing: Set the lever to Position A. The webbing can now be pulled out freely in one direction to the desired length.
2. Tightening and Locking: Press and hold the red button, then push the lever fully to Position B. Release the button. Repeatedly move the lever between Position B and Position C to tighten the strap. Once fully tensioned, return the lever to Position A to lock securely.

Releasing Process

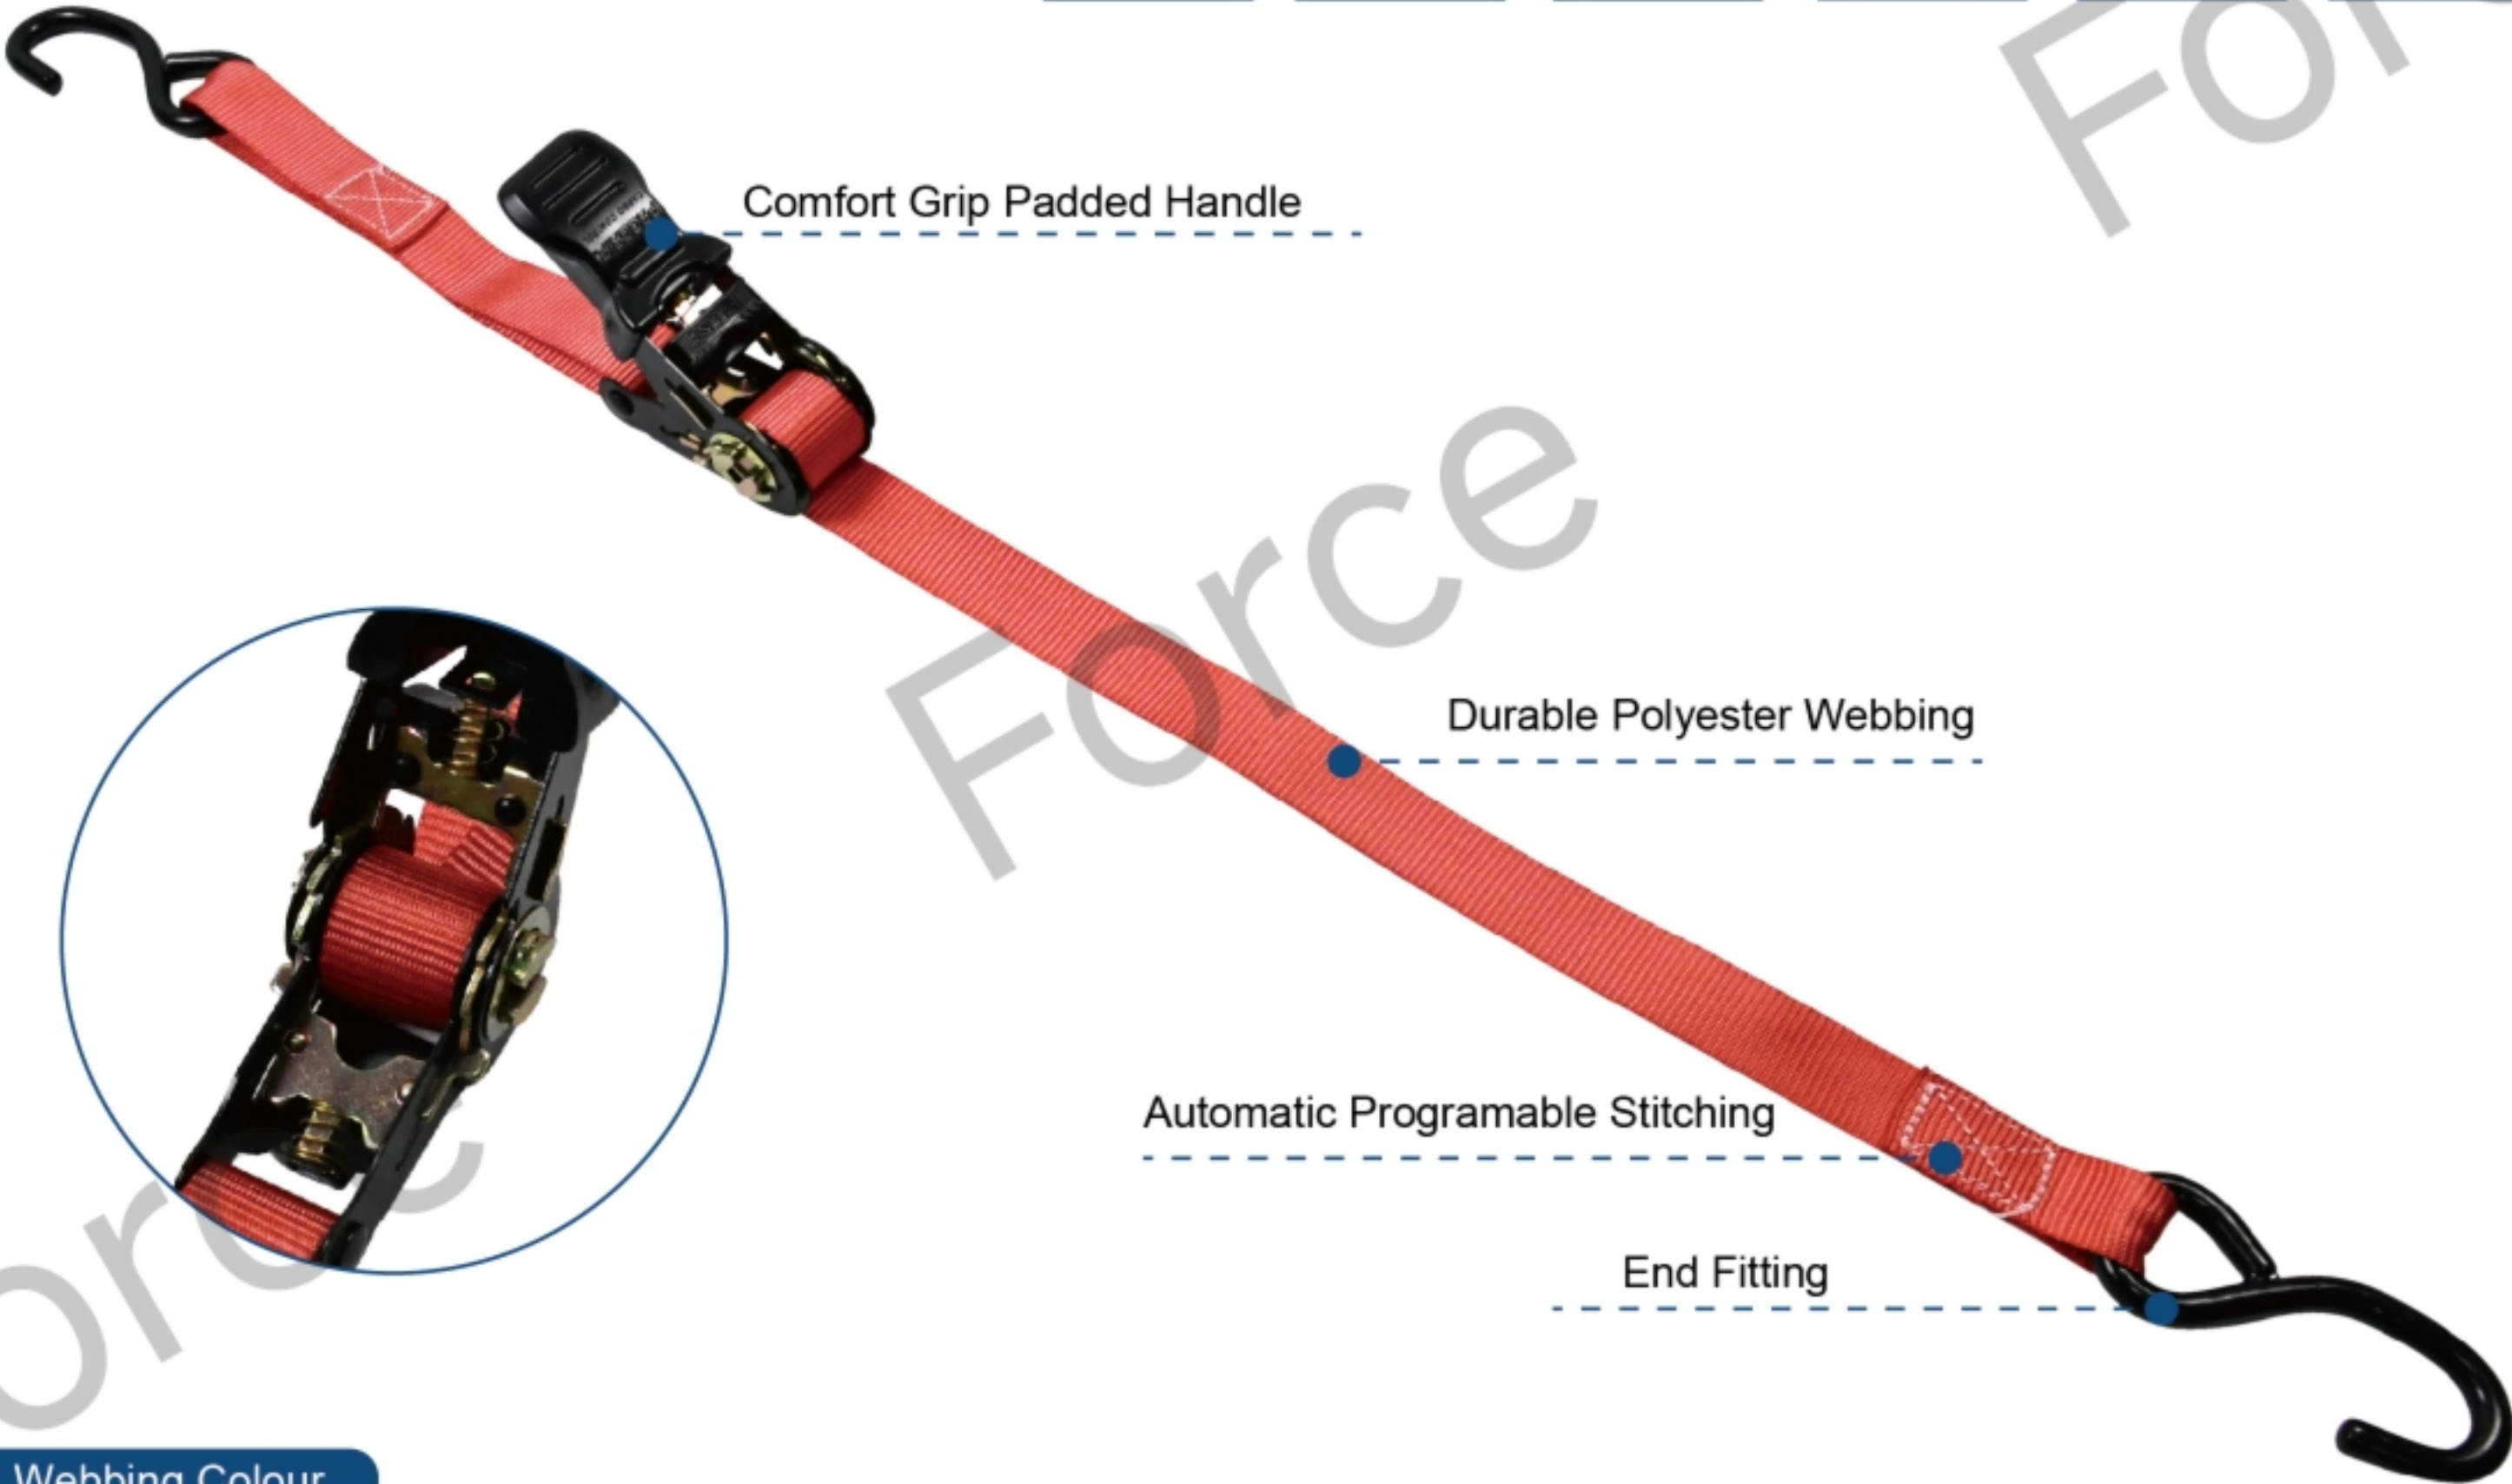

1. Ensure the lever is in Position A, then press and hold the red button.
2. The webbing will retract automatically. Release the button to stop.

25mm
Mini Cargo Lashing Belt

- ◆ Light-duty vinyl coated S-hook.
- ◆ Eco-friendly water-based printing on webbing.
- ◆ Advanced corrosion-resistant finish on hardware.
- ◆ Comfortable, overmolded grip ensures superior control.
- ◆ Strong and highly abrasion-resistant polyester webbing.
